

## Screenshot 1

A screenshot of a web browser displaying a feedback form titled "Feedback Form". The form is divided into two main sections: "User Info" and "Academic Info". The "User Info" section contains fields for First Name, Last Name, Address, District, State, Country, Pin Code, Mobile No., Email ID, DOB (dd/mm/yyyy), Password, and Gender (Male, Female, NA). The "Academic Info" section contains fields for College, University, Passout, District, State, Country, Pin Code, Mobile No., and Email ID. Both sections have "Save" and "Submit" buttons. The background of the form is a blue-tinted image of a hand pointing at a chalkboard that says "WE WANT YOUR FEEDBACK" and has checkboxes for "Excellent", "Good", and "Average".

**Feedback Form**

**User Info**

First Name  Last Name

Address

District  State  Country

Pin Code  Mobile No:  Email ID

DOB  dd/mm/yyyy ☐ Password

Gender:

Male ☐ Female ☐ NA ☐

**Academic Info**

College  University  Passout

District  State  Country

Pin Code  Mobile No:  Email ID

## Screenshot 2

A screenshot of the same web browser displaying the feedback form, now showing the "Academic Info" section and a "List of Names" table. The "Academic Info" section is identical to the one in Screenshot 1. The "List of Names" section contains a table with 4 rows and 4 columns: SI.NO, Name, Place, and Mobile no. Below the table, there is a link "click here" for more information about HTML tables. At the bottom, there is a video player with a red play button and a title "Responsive Feed Back Form with Html and Css #cssfire".

Male ☐ Female ☐ NA ☐

**Academic Info**

College  University  Passout

District  State  Country

Pin Code  Mobile No:  Email ID

**List of Names**

SI.NO	Name	Place	Mobile no:
1	Jhon	bangkok	1234567892
2	Max	UK	1934567892
3	Alex	Singapore	9234567892
4	Robin	Switzerland	9934567892

For more information about html tables [click here](#)

I hope this video gives you a helping hand to create a **Responsive Feedback Form using HTML & CSS**

```

## Screenshot 7

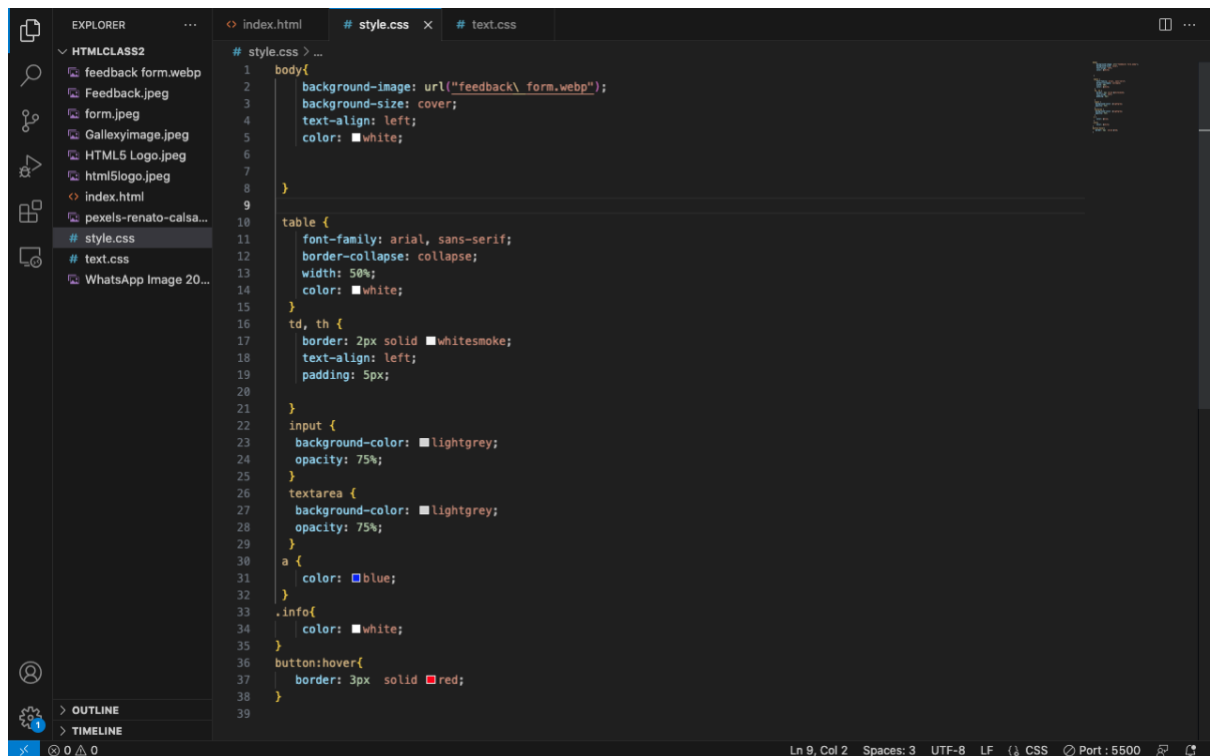

This screenshot shows the index.html file in a code editor. The Explorer panel on the left lists files including feedback form.webp, Feedback.jpeg, form.jpeg, Galaxyimage.jpeg, HTML5 Logo.jpeg, html5logo.jpeg, index.html, pexels-renato-calsa..., # style.css, # text.css, and WhatsApp Image 20... The index.html file is open, showing a table with 4 rows and 3 columns. The table contains the following data:

1	Jhon	1234567892
2	Max	1934567892
3	Alex	9234567892
4	Robin	9934567892

Below the table, there is a paragraph with a link: `<p class="info">For more information about html tables <a href="https://www.w3schools.com/html/html_tables.asp" target="_blank">Click here</a></p>`. This is followed by a heading: `<h3>I hope this video gives you a helping hand to create a <span style="color: yellow">Responsive Feedback Form</span> using HTML & CSS</h3>`. Finally, there is an iframe embedding a YouTube video: `<iframe width="1100"src="https://www.youtube.com/embed/-MjYqJPHfK" title="Responsive Feedback Form with Html and Css #cssfire" frameborder="0" allow="accelerometer; autoplay; clipboard-write; encrypted-media; gyroscope; picture-in-picture; web-share" allowfullscreen></iframe>`. The status bar at the bottom indicates the cursor is at line 69, column 52, with 4 spaces, UTF-8 encoding, LF line endings, and the HTML file type.

## Screenshot 8

This screenshot shows the style.css file in a code editor. The Explorer panel on the left lists files including feedback form.webp, Feedback.jpeg, form.jpeg, Galaxyimage.jpeg, HTML5 Logo.jpeg, html5logo.jpeg, index.html, pexels-renato-calsa..., # style.css, # text.css, and WhatsApp Image 20... The style.css file is open, showing the following CSS rules:

```
body{
  background-image: url("feedback\ form.webp");
  background-size: cover;
  text-align: left;
  color: white;
}

table {
  font-family: arial, sans-serif;
  border-collapse: collapse;
  width: 50%;
  color: white;
}

td, th {
  border: 2px solid whitesmoke;
  text-align: left;
  padding: 5px;
}

input {
  background-color: lightgrey;
  opacity: 75%;
}

textarea {
  background-color: lightgrey;
  opacity: 75%;
}

a {
  color: blue;
}

.info{
  color: white;
}

button:hover{
  border: 3px solid red;
}
```

The status bar at the bottom indicates the cursor is at line 9, column 2, with 3 spaces, UTF-8 encoding, LF line endings, and the CSS file type.
